

Mission Statement

To support the mission of the college, the Office of Admission intentionally recruits and admits students who both show academic promise and prowess, who have a sense of and appreciation for their history, culture and community. Bennett College for Women values diversity in the student body and we encourage applications from a wide range of geographic, religious, cultural and socioeconomic backgrounds. In our marketing efforts we are ethically bound to truthfully represent Bennett College for Women by providing accurate and updated information to prospective students, their families and guidance counselors. Also, we will work very closely with alumnae and other constituencies to support our recruitment efforts. In all of our recruitment endeavors, we value and promote personalized attention and excellent customer service.
