Additionally, it contains pertinent information and instructions regarding conduct, clubs and organizations, the residence halls, and other pertinent information. Please read it carefully to ensure that you understand the standards and code of conduct expected of a Bennett Belle.

BENNETT COLLEGE’S HISTORY, MISSION AND PURPOSE

History

Bennett College was founded in 1873 as a co-educational institution. Its first sessions were held in the basement of St. Matthews Methodist Episcopal Church in Greensboro, North Carolina. The school was founded through the inspiration of newly emancipated slaves.

The Freedman's Aid and Southern Society of the Methodist Episcopal Church assumed responsibility for the support of the school. Lyman Bennett gave the first ten thousand dollars for the purchase of land and the erection of a building large enough to house the classrooms and serve as a dormitory. Shortly thereafter, Bennett died of pneumonia while seeking funds for the purchase of a school bell. The institution was named Bennett Seminary in memory of Bennett, and the first building was named Bennett Hall.

Achieving college status in 1889, Bennett, as a coeducational institution, graduated men and women who assumed positions of leadership in all walks of life. Two of the first Black Bishops in the Methodist Episcopal Church were graduates of the school. Early in the twentieth century, the Women's Home Missionary Society decided to build a college for the education of Black women. The Board of Education of the Methodist Church offered the Bennett College site for the project. The college was to be operated jointly by the Missionary Society and the Board of Education.

The reorganization of Bennett College was effected in 1926, when it became a senior college for women. The physical plant consisted of nine buildings, occupying thirty-eight acres. There were 151 high school students and 10 college students. The College grew steadily and by 1930, had a population of 138 young women. David Dallas Jones became the president of the new Bennett College in 1927. He built it into a 40 acre institution with 30 buildings. He attracted the attention of such educational foundations as the Pfeiffer Foundation, which made it possible to build Pfeiffer and Merner Residence Halls, the Chapel, the Heating Plant, the David D. Jones Student Union, Black Hall, and the Little Theatre. The Library was built in 1939 and named for a former trustee.

The first woman president was Dr. Willa B. Player. She was named to the post in 1955 when Dr. Jones was seriously ill. It was during her presidency that in 1957 Bennett became the only private, black college that had full membership in the Southern Association. By the end of her term, Laura Cone Hall and Ida Goode Health and P.E. Buildings were built and a new science building was started. The next president was selected with the help of faculty. Under the leadership of Dr. Isaac H. Miller, Jr. the alumnae association became active, during his term from 1966 to 1987. In 1967 the largest dormitory on campus, the Willa B. Player Residential Hall was built. The Henry Pfeiffer Science Building came along the next year. In 1981 the Rose Catchings Complex was built to house the president's offices, Student Health Services, the Counseling Center, the Learning Center and the Belk Faculty Development Center.

The 12th President was Dr. Gloria Scott and for nine years there was growth in enrollment and capital. The Shell Hall was erected in 1991. Dr. Scott’s successor was Dr. Althia Collins who led the campus during 2001-2001. For 6 months Dr. Charles Fuget was Interim President and served as Special Assistant for a year to Dr. Johnnetta B. Cole who came out of retirement to become the 14th president of Bennett in 2002 until 2007.

The 15th president and proceeded with a vision of Bennett as an oasis where women are educated and celebrated and transformed into 21st century leaders and global thinkers in communication, entrepreneurship, global awareness and leadership. Dr. Malveaux served as president from 2007 until 2012.

Dr. Julianne Malveaux became the 15th president and proceeded with a vision of Bennett as an oasis where women are educated and celebrated and transformed into 21st century leaders and global thinkers in communication, entrepreneurship, global awareness and leadership. Dr. Malveaux served as president from 2007 until 2012.
Dr. Esther Terry ’61 was appointed to the position of Interim President of Bennett College by the Board of Trustees, making her the first alumna to ever lead the College.

Dr. Terry's appointment follows her three year stint as the College's provost and vice president for academic affairs. During those three years, she is credited with having led in the redesigning of the General Education Curriculum, and for establishing the Honors Program that in its first year saw one of Bennett's students become a finalist as a Rhodes Scholar. Her strong emphasis on strengthening the College's offerings in mathematics and the sciences that undergird the STEM professions, and on encouraging faculty to advocate and support student interest in those professions led her to successfully apply to the National Organization of Delta Sigma Theta for a two-year $200,000.00 grant. Graduation rates, as well as graduate school matriculation, increased under her tenure as provost.

As interim president, in addition to guiding the day-to-day operations of the College, Dr. Terry hopes to build stronger external relationships - particularly with the Triad community, emphasizing Bennett College's influence on Greensboro's history.

Dr. Rosalind Fuse-Hall became the 17th president of Bennett College on July 1, 2013. Born in Atlanta, Georgia, she grew up in Fayetteville, North Carolina on the campus of Fayetteville State University, where her father was on the faculty. A 1980 graduate of the University of North Carolina at Chapel Hill, Fuse-Hall earned a Bachelor of Science degree in administration of criminal justice. In 1983, she earned her Juris Doctor from Rutgers School of Law, Newark, New Jersey. Dr. Fuse-Hall also studied at Harvard Graduate School of Education in the Institute of Educational Management.

Dr. Phyllis Worthy Dawkins was appointed on August 15, 2016 by the Board of Trustees as the Interim President of Bennett College. Prior to her selection, Dr. Dawkins served as the Provost and Vice President for Academic Affairs at Bennett College. Prior to her arrival at Bennett College, she served as the provost and senior vice president for Academic Affairs and acting president at Cheyney University. Dr. Dawkins received her Ph.D. from The Ohio State University, M.A. from The University of Michigan, and B.S from Johnson C. Smith University.

**Mission Statement**

Bennett College is a small, private, historically Black liberal arts college for women. The College offers women an education conducive to excellence in scholarly pursuits; preparation for leadership roles in the workplace, society, and the world; and life-long learning in a technologically advanced, complex global society. As a United Methodist Church-related institution, Bennett College promotes morally grounded maturation, intellectual honesty, purposeful public service, and responsible civic action.

The College welcomes students, faculty, and staff from diverse backgrounds, recognizing that the educational experience is enriched and strengthened when multiple voices are represented and heard. Operating in an interdisciplinary, learning-centered environment, students, working with faculty and staff, will learn to use sophisticated intellectual skills, think analytically, and solve problems in ways that respect a variety of viewpoints and deepen their understanding of different cultures.

At Bennett College, education takes place in an environment of open inquiry where teachers and students are immersed in educational processes that build community, foster authentic research, create knowledge, and advance scholarship and personal empowerment. Students will leave Bennett College prepared for success in the world of work and further studies, possessing a greater appreciation of the history and culture of Africa and the African Diaspora, the struggles and accomplishments of women, and a realization of their own ability and the possibilities to help change the world.

**Philosophy**

Bennett College’s undergirding philosophy is that a high quality college experience should provide its women students with strong academic and co-curricular programs that encourage their personal development, endorse lifelong learning, and prepare them to meet the needs of an ever-changing society.

Bennett College values and respects every member of its community. As a United Methodist Church-related institution, the College believes that education should be related to humanitarian ends.
DIVISION OF STUDENT AFFAIRS

The Division of Student Affairs provides a co-curricular program of educational development for the Bennett College student. Extra-curricular activities, programs, and services are offered that meet the academic, social, spiritual and recreational needs and interests of the students. The Division consists of the following areas: Professional & Personal Development Center (Career Services), Counseling Services, Health Services, Recreation and Athletics, Campus Life, Religious Life, and Student Activities. The Code of Conduct is administered through the Office of Student Affairs, and New Student Orientation and leadership development are a part of the division’s function.

THE MISSION OF STUDENT AFFAIRS

The Division of Student Affairs supports the mission of Bennett College and provides a co-curricular program of educational development for our students. The Division is committed to creating an environment that encourages the development of the whole student, intellectually, culturally, socially, and spiritually. As educators, we assist students in developing the life skills (integrity, responsibility, self-respect, trust, and accountability) necessary to make effective and informed choices, promoting their well-being and preparing them for life beyond the college experience. The Division acknowledges the worth and value of all persons and strives to strengthen community through diversity.

CAMPUS LIFE

Residence Life

Mission

The Office of Residence Life strives to provide an on campus living environment that is safe, secure, comfortable, and convenient which promotes personal growth, social development, the celebration of individual differences and academic excellence.

Vision

The Office of Residence Life will provide a residential experience that recruits, retains and supports students through graduation. Our communities will provide opportunities for students to gain the skills needed for personal, social and academic success. Our services, programs, and activities will enhance each person’s individual efforts towards academic and social growth, involvement and citizenship in a compassionate and inclusive community.

Core Values

The Office of Residence Life has the following core values:

- Community
- Student engagement and learning
- Diversity and inclusion
- Collaboration
- Integrity
Bennett College is a residential college and encourages its students to live on campus during their enrollment. Students classified as freshwomen and sophomores must reside on campus, regardless of the number of years enrolled. However, the College recognizes that certain circumstances may prevent on-campus living. Such cases will be considered by the Dean of Students on an individual basis.

Residence Life provides the student with an important opportunity for learning and practicing the value of group living. The policy of the College is for students to live on campus during their Freshwoman and Sophomore years to assure each student a measure of contact with young women from a large geographical area, and of varying backgrounds and experiences. This fosters an understanding of regional and cultural diversity, and enhances the educational process.

Residents are expected to live by the general academic and social standards of the College as contained in the Guide to Residential Living, and all other institutional publications. The privilege of residing in the residence halls can be withdrawn by administrative action, pending investigation and hearing if students fail to adhere to and support residence hall and/or college regulations.

Freshwomen are required to sign out of their residence halls when leaving the campus on weekends and after 6pm during the week nights. They must sign in upon their return. Failure to do so will result in disciplinary action as determined by the Director of Campus Life. Curfew hours for Freshwomen are 11:00pm, Sunday-Thursday and 12:00am, Friday-Saturday.

**Holiday Closings**

The residence halls are closed during Thanksgiving and Winter Breaks. All buildings MUST be vacated. Please see the Academic Calendar for closing dates and times. During Spring Break, special consideration may be given to international students, student teachers, and others as necessary. Students requesting housing for Spring Break should notify their Residence Director (14) fourteen business days before the starting date of Spring Break.

**Student Government Association**

The Student Government Association (SGA) is responsible for addressing student concerns, planning activities, and supervising various student committees. Executive officers are elected each year, but all currently enrolled students are considered members of the organization. Every student is encouraged to become active in student government through participating in elections, attending meetings, involving themselves on committees and contributing ideas through their elected officials. A list of officers, committees and the SGA Constitution are on file in the SGA Office and the Office of Student Involvement.

**Student Leadership**

The Office of Student Involvement takes great pride in the development of student leaders. This focus is seen in the College’s mission statement, which reads “The College offers women an education conducive to excellence in scholarly pursuits, preparation for leadership roles in the workplace, society and the world.” The Division of Student Affairs is committed to leadership development. Leadership development is a key component of the Office of Student Involvement’s plan for student development.

The Office of Student Involvement offers opportunities to develop and strengthen personal leadership skills. Opportunities offered include training programs and workshops based on nationally recognized books such as *7 Habits of Highly Effective People* and *Who Moved My Cheese*. Team building, programming, planning, and fiscal management are also stressed.

All students are encouraged to enhance their leadership skills through experiential learning by taking an active role in student organizations.

**Recreation**

Recreation is an integral component of any higher education endeavor. The Office of Student Involvement
provides an array of activities and programs for the wellness and holistic development of the students of Bennett College. Fitness activities such as the Bodies by Bella program have been implemented to assist each student with her nutritional and fitness goals.

Open gym is available several times a week in order to play basketball, volleyball, and use the fitness room. A walking track, swimming pool, outdoor basketball court and tennis courts are available for the students and community members.

**Cafeteria Takeovers**

All cafeteria takeovers must be coordinated with the Master calendar and cannot be scheduled in conflict with events that are happening in the Private Dining Room. No vulgar editions of music will be permitted. All music must be radio version or the edited/clean version in order to be played in the cafeteria. All disc jockeys are to provide their own equipment. The College will not provide mics or speakers for disc jockeys. Please follow the event approval guidelines for approval of café takeovers.

**Gym Jams and Black Outs**

All parties/dances must begin at 9 or 10pm and end at or before 2am. Sufficient College employee chaperones must attend gym jams and black outs. In gaining approval for parties and dances the Director of Campus Life’s signature is required. The club or organization sponsoring the party and/or dance must provide a list of four (4) to eight (8) chaperones that will assist with the event five business days before the date of the event. Chaperones are required to be present the entire time of the event.

Also, the sponsoring organization must provide funds to cover the cost of an external security company that is selected by the college. Organizations planning to host a Gym Jam or Black-Out must contact the Director of Campus Life for the procedures to host the event at least 14 business days in advance. The capacity for the Gym is 500, the Student Union Foyer is 285 and the Coffeehouse is 200.

**Off Campus Activities**

Off campus activities must follow the same procedures as above. All rules, regulations and The Code of Conduct governing students on campus apply to students off campus. Infractions of the Belle Code of Conduct while off campus will be brought before the appropriate authority. Any vehicle transporting Bennett College students must be driven by a certified Bennett College staff person, whether the vehicle is owned by Bennett College or rented. If a bus is chartered, the company should provide its own licensed driver with liability coverage. Appropriate waivers should be signed as well.

**OFFICE OF CAREER SERVICES (OCS)**

Personal and Career Development services are offered on the first floor of the Student Union and support the mission, academic programs, and the advancement of the College. The Office of Career Services guides and inspires Bennett College students to take the leadership role in their personal and career development. The Office of Career Services is designed to prepare students for the world of work successfully in a comprehensive way. By providing a comprehensive knowledge of our students’ needs and correlating this need with experiential and exploration opportunities. The department assists the College in ensuring that students prepared for the world after Bennett and provided programs that support a positive, open mind and motivated student in their transition.

Through the efforts of this office, students build skills through their ePortfolio that assist them in identifying, assessing and understanding their interests, personality traits, and capabilities about their career and continuing education choices. The Office of Career Services works in collaboration with academic
departments, student services, other campus divisions and external constituencies to augment the student’s career development.

We assist students with getting prepared for job search, internships, and hone their self-marketing skills by finding and obtaining the career they want, or securing admission to a graduate school of their field-of-interest.

Students who desire to rise above the competition during their personal and professional development would be wise to develop their personal vision, confidence, and courage. These qualities require for future employers, post-graduate life, graduate school, or working abroad. We help students restructure their communication, which generates clarity, competence, confidence energy, drive, enthusiasm, and initiative. The OCS prepare students to reflect confidently on the skills they developed from classes, internships, and other college experiences to complement their new developed interpersonal and communication skills.

The Office of Career Services is a critical component of the undergraduate student experience. It is the student’s link between college and their future endeavors. OCS embraces its responsibility in four years students learn about themselves and establish meaningful and satisfying plans for “life after Bennett.”

COUNSELING SERVICES

The Counseling Center gives students a safe, relaxed, and confidential environment to work through individual challenges and stressors. The goal is to provide quality counseling and mental health services to enhance personal, social, academic, and intellectual growth. The Center works with students to help improve self-awareness, gain independence and skills to handle difficult situations.

Services
Services include assessment, individual counseling for short-term and long-term needs, support specialty groups (according to the interest and needs of students) crisis intervention, psychological consultation, outreach, peer education programs, and personal growth workshops. Students may also be seen for emergency walk-in appointments. For needs beyond services that the Center provides, professional referrals and resources are available.

Emergencies
Bennett College has an established emergency protocol for any student that is in need of psychiatric evaluation or hospitalization. All faculty, public safety, resident directors and staff are aware of this protocol. It is imperative that if a student is under psychiatric care before arriving to campus that the Director of Counseling is notified, so we can ensure that student has appropriate physiological care while enrolled.

Confidentiality
The Counseling Center ensures confidentiality. This means that information shared between student and counselor cannot be released to anyone, including family or college, without consent of student. The only time confidentiality may be released is if a student is in danger of harming herself or others. In such situations, the student will be referred to an outside agency for a behavioral assessment to determine if hospitalization is needed.

DOCUMENTATION GUIDELINES

Bennett College works to protect the rights of its students, faculty, and staff. In order to assure that every individual is protected under the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973, documentation must be submitted that indicates the disability substantially limits some major life activity, including learning.

It is the responsibility of each student to obtain the documentation and present a copy to the Office of Disability Services. Any correspondence regarding the adequacy of the submitted documentation will be sent to the student. It is the student’s responsibility to obtain additional information or clarification.

Qualifications of the Examiner’s Documentation must be submitted by a professional who is licensed, or certified in the area for which the diagnosis is made. Name, title, and license or certification credentials must be stated in the document. The documentation should be on office or practice letterhead, dated, signed, and specifically addressed to:
GENERAL DOCUMENTATION REQUIREMENTS

The following information should be included in the documentation submitted to the Office of Disability Services. Additional requirements specific to various disabilities are located in the next section ("Required Documentation for Specific Medical Conditions or Disabilities"). All documentation submitted to the Office of Disability Services will be stored for at least five years after the most recent date of contact or graduation from Bennett College. A student's file will be placed in an inactive status if there has been no communication with the ODS after four consecutive months.

*The evaluating professional should not be related to the student in any way other than professionally*

**History Personal** - Psycho-social, medical, developmental, and/or education history relevant to the cause for evaluation should be included.

**Specific Diagnosis** - The documentation submitted to the Office of Disability Services should include a diagnostic statement that lucidly identifies the disability. The ICD and/or DSM classification must be included.

**Methodology Instruments** - Are critical in explaining how data is gathered for the student. Diagnostic methodology should be fully described and include all data and measurements from appropriate evaluation instruments. Data based evidence of disability and level of impairment is required for the provision of accommodations. A discussion of the methodology used and the results obtained should draw a direct link to the diagnosis and the functional limitations of the disability. NOTE: Screening instruments, though often used to support a diagnosis, are not sufficient indicators of impairment; they will not be used to determine specific accommodations.

**Current and Substantial Limitations** - In order to use valid results to determine accurate decisions based on the impairment, documentation should be age appropriate. Also, documentation must include a clear description of current limitations imposed by the disability as they relate to classroom performance and the various demands of College life. The documentation should discuss evidence of the impact of the disability on actual academic performance in the past year, including any accommodations or related services the student has used. Any impact, side effects, or functional limitations observed or expected from the use of medications should also be discussed. A discussion of the expected progress and/or stability of the disability should also be included.

**Differential Diagnosis and Co-Morbidity** - Documentation should include a discussion of assessment data that supports or refutes the diagnosis, including an exploration of alternative diagnoses as well as medical, psychiatric, educational and cultural factors that may contribute to symptoms. If multiple diagnoses are provided documentation should indicate primary and secondary diagnosis. Also, the report should discuss the functional limitations associated with each.

REQUIRED DOCUMENTATION FOR SPECIFIC CONDITIONS

In addition to the information provided by the general documentation requirements listed above, please
provide the following information based on the specific nature of the medical condition or disability.

Blind and Visually Impaired Documentation should explain the current functional limitations imposed by the medical condition and should contain:

Specific diagnosis indicating current visual acuity - Near and distant vision (left and/or right) - Visual fields, with and without corrective lenses

Chronic Medical Conditions - The documentation should explain the current functional limitations imposed by the medical condition and should contain:

Specific Diagnosis - Whether the limitations and/or symptoms are constant or episodic the frequency and/or duration of the limitations and symptoms - Current medications and possible side effects - Any information that may assist the ODS in determining reasonable accommodations

Cognitive Impairments Cognitive impairments may include Learning Disabilities (LD), Acquired Brain Injuries (ABI), Autism/Asperger's Syndrome or Attention Deficit Hyper Activity Disorder (AD/HD). The documentation should explain the current functional limitations imposed by the condition, and should include the following:

Indication of psychological and/or psycho-educational tests used

Explain all data and/or scores used to support diagnosis - Current medications and possible side effects - Interviews, surveys and other data collected to support diagnosis

Deaf and Hard of Hearing The documentation should include a comprehensive audiologist's report and should also include:

A specific diagnosis - Date of onset (pre/post lingual) - Current hearing levels and whether hearing loss is stable of progressive - Speech reception levels with and without hearing aids and/or assistive listening devices

Physical/Mobility Impairments The documentation should identify functional limitations with respect to:

Gross or fine motor functioning - The permanent or temporary nature of the condition (if temporary, expected duration of the limitation or impairment)

Psychological/Psychiatric Conditions - The documentation should explain the current functional limitations imposed by the condition. The following should be addressed:

Basis upon which an Axis I and/or an Axis II diagnosis was made

If psychological and/or psycho-educational tests were used, indicate all tests, data and scores used to support diagnosis

Current medication including dosage and possible side effects - Short/long term prognosis - Therapeutic interventions and level of compliance - Educational implications and nature and severity of limitations.

INSUFFICIENT DOCUMENTATION - In cases where documentation is incomplete, students will be asked to provide additional or clarifying information from the evaluator. Students leaving the college for any reason may, upon readmission, be asked to submit updated documentation prior to receiving accommodations or services.
Generally, the following documentation is NOT sufficient for the provision of services and accommodations:

- Documents in which screening instruments or rating scales are used as the sole diagnostic tool
- Medical chart notes or prescription pad notations
- Documentation that is more than three (3) years old
- Testing instruments normed (standardized for children rather than adults)

**DISCLOSURE PROCESS AND STUDENT RESPONSIBILITIES**

Once documentation has been provided to the Office of Disability Services, it is the responsibility of the student to make an appointment to review the documentation. The student must qualify for, and then assist in the development of the accommodation plan. Student input is a critical part of the process in promoting self-awareness and self-advocacy skills necessary for success at the postsecondary level.

Once the accommodation plan has been completed, it remains the responsibility of the student to provide each instructor with a copy of the plan, and to arrange a meeting time with each instructor to discuss the plan and any accommodations that the student will need in that course. However, at the student’s request, ODS may be called in to assist the student in explaining her individual needs to an instructor. Instructors may consult with ODS on any general concerns about accommodations for disabled students however, student confidentiality may not be broken without the written consent of the student.

**FREQUENTLY ASKED QUESTIONS FOR STUDENTS WITH SPECIAL NEEDS**

1. **Does Bennett College have a Learning Disability Program?**
   
   Bennett College has comprehensive support services for students with learning disabilities, physical, mental, emotional, and developmental disabilities. In addition to classroom accommodations, the Office of Disability Services can provide or refer the services listed in the section titled Highlight of Services.

2. **To whom can I send or give my documentation?** Documentation should be sent to:

   Kameka S. McMillian, MS, LCAS-A
   Disability Services and Title IX Coordinator
   Student Union First Floor
   Location: Catching’
   Email: kmcmillian@bennett.edu

3. **Do professors give untimed tests?**
   
   The student and ODS review existing documentation and determine the nature accommodations that are warranted. In some cases, that may be un-timed tests. This service is provided in the Office of Disability Services not by professors.

4. **Will professors allow me to tape their classes?**
Yes, however, that accommodation must be stated in the accommodation plan and you must request permission of the faculty member before recording any lectures. While by law, this accommodation should be denied by individual faculty members, they might ask students to either destroy or forfeit tapes after the end of a semester in an effort to protect intellectual property.

5. Does Bennett College provide tutors?

Yes, peer tutors in general education courses are available through Academic Services. These students are upperclasswomen usually majoring in the area in which they tutor, and recommended by faculty members. In addition, professional tutoring services are available in some skill areas. These services are available to any Bennett College student, not just to students with disabilities.

6. Does Bennett College provide note takers?

If “peer notes” are identified on the accommodation plan, the student, professor, and the Office of Disability Services will identify an appropriate classmate to serve as a note taker. Copies of notes are provided electronically to the student by the ODS. If the student receiving notes wishes to remain anonymous, he or she can make these arrangements through the office.

7. Does Bennett College waive course requirements?

No, course waivers are not granted for students with disabilities. At Bennett College, we believe in all students’ ability to succeed. Peer tutors and learning specialists are provided free of charge to assist in your journey to academic success.

8. What are my responsibilities as a student?

Once documentation has been provided to the Office of Disability Services, it is the responsibility of the student to make an appointment to review the documentation. Students must qualify for, and assist in the development of the accommodation plan. Student input is a critical part of the process in promoting self-awareness and self-advocacy skills necessary to success at the post-secondary level.

9. If I had a 504 Plan or an IEP in High School, am I guaranteed services and accommodations in college?

No, not necessarily. Services for high school aged students are governed by the IDEA (Individuals with Disabilities Education Act). Students with a federally recognized disability are guaranteed services. Colleges and Universities are held to the standards outlined in Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. These pieces of legislation are anti-discrimination laws requiring that institutions make provisions and accommodations to insure full participation and non-discrimination regardless of disability.

In this instance, the need for a given accommodation is determined by demonstrated functional disability, not merely by diagnosis. However, it is the intention of Bennett College to meet or exceed federal guidelines and provide the support services that all of our students need in order to gain full access and opportunity. If you have any concerns about eligibility for accommodations or services at Bennett College, please feel free to contact our staff at any time.

10. Once I have decided to attend Bennett College, what should I do before school begins?

- If you have not already done so, make arrangements to visit the campus and request a personal meeting with the Office of Disability Services.
- Provide your documentation to the Office of Disability Services as soon as possible. Early action will allow plenty of time to address any discrepancies or issues that may arise concerning eligibility for services or completeness of documentation.
• Make sure that the student is familiar with the contents of his or her documentation packet, the nature and extent of the disability, and is able to discuss the accommodations being requested.
• Fill out and return the Request for Accommodations form once you are accepted into the college.
• Participate in Belle Beginnings or early placement testing. If accommodations are necessary when taking Math, English, or Reading—be sure to notify the Office of Disability Services in advance when you know when you plan to take them. Accommodations may not be available without prior notice.

11. Who is responsible for requesting an interpreter?

Students requiring an interpreter for class must make the request to the Office of Disability Services. For outside class requirements, such as field trips or other assigned activities, as well as office hours, students should make a request for an interpreter at least two weeks ahead of time or more, depending on the event. The Office of Disability Services cannot guarantee an interpreter when requests are made less than two weeks before the event.

NON-DISCRIMINATION POLICY

Bennett College prohibits discrimination on the basis of race, color, religion, creed, sex, age, marital status, national origin, mental or physical disability, political belief or affiliation, veteran status, sexual orientation, genetic information, and any other class of individuals protected from discrimination under state or federal law in any aspect of the access to, admission, or treatment of students in its programs and activities, or in employment and application for employment. Furthermore, the College’s policy includes prohibition of harassment of students and employees (i.e. racial harassment, sexual harassment, and retaliation for filing complaints of discrimination).

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disability Act of 1990, Bennett College will make reasonable adjustments in its policies and practices to ensure equal opportunity and access for qualified students, employees, and members of the public to applicable programs, services, activities and facilities.

Inquiries regarding the College’s compliance with state and federal non-discrimination laws or filing a complaint should be directed to:

HEALTH SERVICES

Bennett College recognizes the importance of physical and mental health. Each student has the privilege of using these services and the responsibility of familiarizing herself with the general operating procedures of this department.

Alsie Trammell Student Health Center
The Alsie Trammell Student Health Center’s mission is to enhance the educational process by modifying and/or removing health-related barriers. Located in the Catching’s Complex, the center promotes an optimal level of wellness; enables individuals to make informed decisions about health-related concerns, and empowers individuals to be self-directed consumers of health services. A Nurse Practitioner is available Monday- Friday from 2:00pm-5:00pm and the College Physician is by referral appointment, coordinated by the nurse practitioner.
Health Requirements
Prior to entering the college, each student is required to submit a report of her medical history signed by a licensed physician and proof of required immunizations in accordance with the North Carolina Immunization Law, G.S. Article 6, Part 2. The Center must have complete immunization records for each student prior to arriving to college including three (3) Diphtheria Pertussis Tetanus (DTP Vaccines), one (1) Tdap (Tetanus Booster) done within the last 10 years, one (1) Hepatitis B immunization, two (2) MMR (Measles, Mumps, Rubella) vaccines, three (3) Polio vaccinations, and for students born after 1994.

After Hours Emergencies
For residential students, urgent problems should be reported to the Resident Director or Resident Assistant. She will assess the situation and determine the next steps. In an extreme emergency, contact Campus Safety at 336-370-8621. They will contact 911. Students, faculty and staff should not call 911 directly. This may negatively impact their response and possibly delay service. Campus Safety will need to know the location of and the nature of the emergency.

Student Health Insurance
In April 2012, the Federal Affordable Health Care Act became effective and it is required that all students have health insurance meeting a minimum standard, which will be charged to the Student Account, unless a waiver is received. The electronic waiver process can be accessed through www.Bennett.edu at Quicklinks.

What To Do When You're Sick
Students should not remain in the residence halls while seriously ill without being in contact with the Health Center. Under no circumstances should another student telephone the parents of a student who is ill without the request and/or permission of the ill student. This is the responsibility of the student or a College official. A cooperative effort between the Health Center, Campus Life, Campus Safety and the student is necessary to ensure immediate, efficient health care and safety for Bennett College students.

Communicable and Infectious Diseases
Students that are diagnosed as having a communicable or infectious disease by the College Physician or other healthcare provider will be sent home until the incubation period is over, or as directed by the College Physician. The College Physician will clear the student to return to the residence hall and class. Students suspected of having a communicable or infectious disease who have not been seen by the doctor will be isolated in their rooms. Students having a communicable or infectious disease or exposure to a communicable or infectious disease will be advised as to proper courses of action for treatment and/or prevention. Examples of such conditions include flu, mononucleosis, chicken pox, measles, hepatitis, etc.

Confidentiality
All student health records are kept confidential, according to HIPAA Compliance Law & the Security and Privacy Regulations in North Carolina. Health records may not be released without written permission from the student if she is 18 years or older, or parent, if the student is under 18 years. Injuries sustained during a violation of college policy or that endangers the welfare of the community, including the student involved, will be communicated to the appropriate staff member (i.e. Associate Provost for Student Affairs, Counseling Services, Campus Safety).

Referrals
Referrals to other physicians and health care facilities are made as necessary by the College Physician or the Nurse Practitioner. Referrals may also be made at the request of the student. The Health Center staff or the student may make the initial contact to the referral resource. Parents of students under the age of 18 are notified before the referral is made. Students 18 years old and over are responsible for notifying their parents of the referral.

All dental-related problems are referred. A choice of dentists is given to the student, who will make her
own appointment. In some cases, the nurse may facilitate the contact. **Fees for consultation and referrals are the responsibility of the students and/or their parents.**

**RELIGIOUS LIFE**

Additional information required includes: the name of the guest speaker; phone number; name of home church/ministry; and the pastor and contact information. This policy is in place to avoid any hint or the appearance of favoritism or discrimination and to avoid a contention or competitive spirit. The guidelines will also provide opportunities for our students to develop their leadership abilities within the Bennett family and extend to the community at large by leading such groups.

ACADEMIC CULTURAL ENRICHMENT SERIES (ACES)

History
When Bennett College was co-ed, long before it became a women's college, it was felt that graduates of Bennett College needed more than "book learning" and intellectual discourse to be successful. Bennett College graduates needed to be well-rounded; the whole person needed to be prepared to deal with the ever-changing world. Therefore, as students, they needed to have opportunities to come together as a community and have common cultural and spiritual experiences. Thus, special convocations, lectures and seminars, now called Academic Cultural Enrichment Series (ACES) became a part of the Bennett Way of Life.

Throughout her existence, Bennett College has always afforded her students with opportunities to interact with well-known personalities and dignitaries. Female "movers and shakers", artists, performers, political figures and spiritual leaders have graced our campus and impacted the lives of faculty, students and members of the local community. These experiences encourages students to enhance their cultural and intellectual development, learn how to appreciate and accept ideas and beliefs different from theirs, learn how to listen, learn to dress in professional attire, and acquire behaviors that often make a significant difference in how one is perceived and accepted by others. Bennett students, by way of ACES, in a community setting, learn those things that easily identify them as a woman of the 21st Century—a Bennett woman— who knows what is appropriate.

Procedures
Students are to follow all procedures as written to receive credit. Students must attend all events on time and late arrival of 15 minutes after the program will prohibit a student from entering the Chapel and receiving ACES credit for that program event. At the conclusion of each program, all students, marshals and program participants must present a valid ID card for scanning. It is the student's responsibility (not the scanner's) to confirm that the information is correctly displayed on the computer monitor. Credit will not be given for lost ID cards. You may not present an ID card for another student. It is the responsibility of the student to confirm attendance and to follow up on ID issues or concerns by two (2) business days. You will not be allowed to go to your room or off-campus residence to retrieve your ID card to receive credit.

Grading
The ACES attendance requirement is applicable to all full-time students for each semester you are enrolled at Bennett. Each program is assigned a point value of one (1) or three (3). A grade will be awarded during each semester based on the total points earned. To receive a grade of "S" (satisfactory), you must attain seventy-five percent (75%) of the ACES program points in keeping with the College's class attendance policy. If you fail to achieve the 75% total, a grade of "U" (unsatisfactory) will be earned.

Attire
Standard attire for ACES programs includes dresses, skirts, business dress pants and pant suits. These items should be suitable for work, internships, presentations and participation in business and academic functions. Students wearing jeans, khakis of any color or corduroy pants, midriff-baring tops, ankle or drawstring pants or shower shoes will not be awarded credit or admitted into the Chapel. White dresses, skirt suits and blouses and skirts, are required for formal convocations which include Convocatum Est, Founder's Day, Honors Convocation, Senior Day and Charter Day. Credit will not be awarded for pants or pant suits for formal convocations. See the Bennett College Dress Code in the Belle Handbook.

Conflicts
If there are circumstances which prevent you from attaining the seventy-five percent (75%) quota of points for the semester, you must apply for an attendance waiver during the first six (6) weeks of each semester by the deadline date. If you are granted an ACES waiver, you must earn 50% of the total points required. FAILURE TO COMPLETE
**THIS REQUIREMENT WILL RESULT IN AN UNSATISFACTORY GRADE FOR THE SEMESTER.** To apply for an ACES Waiver or to discuss extenuating circumstances, see Ms. Natalie McLean, Office of Religious Life located in the basement of the Annie Merner Pfeiffer Chapel Hall. ACES waiver requests are subject to approval or disapproval each semester.

**ACES Contingencies**
You may not receive academic honors during Honors Convocation or apply for membership in any national sorority sanctioned by the College, if you earn a grade of “U” in any semester. To run for a class office or SGA office and be accepted as a Resident Assistant candidate, your ACES grade must be “S” for one (1) semester prior to your application. In addition, students who receive a “U” in ACES during their last semester will not graduate with honors.

**Appeals**
If you have a concern about receiving credit for attendance, you have five (5) business days after the date of the program. You will receive a response in writing within three (3) business days, if applicable. It is your responsibility to check with the Office of Provost after every program to verify your attendance.

**COMMUNITY SERVICE**

The mission of Community Service and Civic Engagement at Bennett College is to prepare students to take leadership roles and learn communities beyond the classroom. We want our students to use field experiences as educational landscapes for exploring different dimensions of entrepreneurship, global education, communication and social justice.

**What is Community Service?** Community service is intentional volunteer work that benefits the local community. Volunteers seek meaningful relations with a community agency or an approved work site to perform duties that revolve around problem-solving initiatives in education, public safety, the environment, and other human needs. Through community service, student volunteers build networks and form partnerships that often lead to internship opportunities and or full-time employment.

**Why is Community Service important?** The College has mandated that all students must complete a total of eighty (80) hours of community service before graduation. Transfer students must complete a minimum of twenty (20) hours for each year of matriculation at the College.

**Where can I volunteer?** Consulting the Community Resource Guide is an excellent place to match your individual interests and skills with one of many agencies in need of assistance. The guide includes community organizations, descriptions of assistance needed, and hours of operation. Students should call the organization listed in the guide and inquire about other programs that may be offered.

**Need more information?** If you have questions, please contact Ms. Rachel Pridgen at 336-517-2200

**ACADEMIC SUPPORT PROGRAM**

The Division for Student Success and Retention (DSSR) is dedicated to enhancing retention and graduation rates through peer and professional tutoring, academic advising, mentoring, and supplemental instruction that will ensure success for all students in a Global Society. Emerging Scholars (ES) are students who have been admitted to the College with a high school cumulative grade point average of 2.0-2.39. Students remain Emerging Scholars for their entire Freshwoman year (2 semesters). Emerging Scholars are restricted to a maximum of 15 credit hours per semester while they are on Emerging Scholar status and have the opportunity to be paired with an on-campus mentor. These are faculty/staff volunteers who are committed to providing additional support and guidance for the student. Emerging Scholars meet twice each month with the Academic Advising Coordinator. This monthly meeting is designed to check in with students, provide additional information and to discuss any difficulties.

7. To fairly, effectively, and efficiently administer the Code of Student Conduct.

**BENNETT COLLEGE CODE OF STUDENT CONDUCT**

1) General Provisions

a) Introduction. This Code seeks to apply the principle of responsible freedom as it guides the conduct of Bennett College students. Responsible freedom is exercised when actions are directed by ethical standards. Moreover, the Code operates as a vehicle for informing students about their rights and responsibilities while reinforcing the development of ethical standards that make responsible freedom possible.

   (1) Scope. Bennett College jurisdiction regarding student conduct is generally limited to conduct of any Bennett College student that occurs on Bennett College premises. In addition, the College reserves the right to impose discipline based on any student conduct, regardless of location, when that conduct may adversely affect the College community or its constituent programs. The College further reserves the right to restrict contact with specified individuals when facts and circumstances dictate
such action. The right of all students to seek knowledge, debate ideas, form opinions, and freely express their ideas is fully recognized by Bennett College. This Code of Student Conduct applies to student conduct and will not be used to impose discipline for the lawful expression of ideas. Specific restrictions on time and place of meetings and assemblies are found in the Student Handbook.

b) The processes for adjudicating violations of local, state and federal law and violations of the Code of Student Conduct are separate and may be pursued independently and/or simultaneously.

c) Authority.

i) Authority for student discipline ultimately rests with the Board of Trustees, then delegated to the President, who delegates this authority to the Vice President for Student Affairs (hereinafter “Vice President”) or designee for potential non-academic violations. The Vice President delegates this authority to the Director of Campus Life. Under the direction of the Vice President, the responsibility for implementing the student conduct system rests with the Director of Campus Life, the resident directors, and appropriate Campus Life staff. The Vice President (or designee), Director of Campus Life, or resident directors may take direct jurisdiction of any case due to the inability or disqualification of the appointed hearing officer to serve, or when it is determined by the immediate circumstances that taking direct jurisdiction is in the best interest of the College. The Vice President (or designee) has the authority to designate individuals as hearing or appellate officers, as defined in Section 3) c) iv) when appropriate.

ii) The Vice President (or designee) also has the authority to notify the person listed as a student’s emergency contact (or other appropriate person) in case of an emergency involving that student.

iii) All hearing bodies have the authority to consult with other appropriate College officials in order to resolve a Code of Student Conduct case effectively.

iv) Decisions of the Student Conduct Board(s) are considered recommendations to the Director of Campus Life (See 1) d) vii. below).

v) Decisions of administrative hearing panels are recommendations to the Director of Campus Life, or the designee of the Vice President of Student Affairs or Provost (See 1) d) vii. below).

vi) All recommended student conduct decisions must be approved in writing by the appropriate authority (or designee) and only then will be communicated to the student (see 1) d) iii.-vi. above). The appropriate authority may adopt or amend the recommended decision, or order a new hearing. Prior to amending or ordering a new hearing, the authority will confer with the appropriate hearing body. Upon approval, the recommended decision becomes a first-level student conduct action.

vii) Decisions of all other hearing bodies constitute first-level student conduct actions.

viii) If a first-level student conduct action is not appealed as provided herein, that decision becomes final agency action.

ix) Appellate officers are listed in Section 4), Appeals. Appellate decisions are considered recommendations to the Vice President and Provost and become final agency action upon approval by the Vice President and Provost (or designee).

d) Definitions.

i) Advisor. The term "advisor" means any one person chosen by the charged student, complainant, or any witness to assist throughout the student conduct process, unless service in this capacity would unreasonably conflict with the fair administration of the student conduct process as determined by the Director of Campus Life (or designee).

ii) Charged Student. The term "charged student" means any student who has been formally charged with an alleged violation of the Code of Student Conduct.

iii) Class day. The term "class day" means any day that either classes or final exams are scheduled.

iv) Hearing. The term “hearing” means an informal or formal proceeding, conducted by a hearing body in accordance with the Code of Student Conduct, at which determinations of responsibility and non-responsibility are made and sanctions imposed.
v) Hearing Body. The term "hearing body" means any person or persons authorized by the Vice President of Student Affairs or Director of Campus Life or as provided for in this Code of Student Conduct to conduct hearings to make recommended findings regarding whether a student has violated the Code of Student Conduct and to recommend sanctions.

vi) On-Campus. The term "on-campus" means all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the College, including adjacent streets, sidewalks, and parking lots. See also subsection xi), "College," below.

vii) Policy. The term "policy" means the written statements of the College as found in, but not limited to, the Code of Student Conduct, the General Bulletin, the Online Student Policy Handbook, the Directory of Classes, the Guide to Residence Living and other written requirements of departments, organizations, and clubs. All College policies must have prior approval of the Board of Trustees.

viii) Preponderance of the Evidence. "Preponderance of the evidence" means that the evidence, as a whole, shows that the fact sought to be proved is more probable than not. This standard shall be used in adjudicating all student conduct cases within this Code of Student Conduct.

ix) Reasonable person standard. The "reasonable person standard" is a concept that utilizes the hypothetical person, referred to as the reasonable/prudent individual, who exercises care, skill, and judgment in conduct that society requires of its members for the protection of their own and of others' interests, as a standard measure of interaction within a relevant community. The "reasonable person" is not an average person or a typical person. Instead, the "reasonable person" is a composite of a relevant community's judgment as to how a typical member of said community should behave in situations that might pose a threat of harm (through action or inaction) to the public. The standard also holds that each person owes a duty to behave as a reasonable person would under the same or similar circumstances.

x) Student. The term "student" means any person who is admitted to and enrolled in any credit-bearing course or program in any school or division of Bennett College, any person who is admitted to the College and is present on campus for the purpose of being enrolled in any College course or program, including Orientation, or any person who has been enrolled in any credit-bearing course or program at the College and continues to be associated with the College, because the student has not completed the course or program in which the student was enrolled. In cases of dual enrollment, jurisdiction over a student's conduct will be determined in consultation with appropriate officials at the student's other institution.

xi) Student Advocate. The term "Student Advocate" means any person provided by the Director of Campus Life, either through formal appointment or informal referral, to serve as a resource and advisor to the charged student.

xii) College. The terms "College" and "College properties" mean Bennett College, including the main campus, all property leased, used or controlled by the College, facilities and College consortia locations. xiii) College Community. The term "College community" includes any person who is a student, faculty member, College official, visitor, contractor, volunteer, representative of the College, or any other person employed or contracted by the College.

xiv) College Official. The term "College official" means any person employed or appointed by the College to perform assigned teaching, research, administrative, professional or other responsibilities.

2) Violations. The following violations, or the aiding, abetting, conspiring, soliciting, or inciting of, or attempting to commit these violations, constitute violations of the Code of Student Conduct:

a) Sexual Misconduct.

i) Any sexual act that occurs without the consent of the victim, or that occurs when the victim is unable to give consent. Consent is defined as the willing and clear participation in the sexual act. Consent is not freely given if no clear verbal consent is given; if the individual is not able to give consent or if perceived consent is achieved through force, threat of force, or coercion. Consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent is not the lack of resistance; there is no duty
to fight in order to indicate lack of consent. Consent can be withdrawn at any time, as long as the withdrawal is clearly communicated by the person withdrawing consent through words or actions. Inability to give consent includes but is not limited to situations where the individual is:

(1) under the influence of alcohol, drugs or other substances (including but not limited to prescribed medications);

(2) unconscious, asleep, ill or in shock;

(3) under the age of eighteen and therefore legally incapable of giving consent; or

(4) known by reason of impairment, mental condition or developmental or physical disability to be reasonably unable to give consent.

ii) Obscene or indecent behavior, which includes, but is not limited to, exposure of one's sexual organs or the display of sexual behavior that would reasonably be offensive to others.

b) Endangerment.

i) Physical violence towards another person or group.

ii) Action(s) that endanger the health, safety, or well-being of another person or group.

iii) Interference with the freedom of another person to move about in a lawful manner.

c) Harassment.

i) Conduct, not of a sexual nature, which creates an intimidating, hostile, or offensive environment for another person.

ii) Action(s) or statement(s) that threaten, harm, or intimidate another.

iii) Acts that invade the privacy of another person.

v) Stalking, defined as: to follow or otherwise contact another person repeatedly, so as to put that person in fear for his or her life or personal safety.

d) Hazing. Hazing is defined as any group or individual action or activity that endangers the mental or physical health or safety or which may demean, disgrace, or degrade any person, regardless of location, intent, or consent of participant(s). Although hazing is generally related to a person’s initiation or admission into, or affiliation with, any group or organization, it is not necessary that a person’s initiation or continued membership is contingent upon participation in the activity, or that the activity was sanctioned or approved by the organization, for a charge of hazing to be upheld. The actions of active, associate, new, and/or prospective members of an organization may be considered hazing. Hazing includes, but is not limited to:

3) Conduct Hearings

   a) Students’ Rights.

      i) Notice: Charged students will be given written notice of the Code of Student Conduct charge(s) and the allegations upon which the charge(s) is/are based.

      ii) Hearing: Students will be given an opportunity to present information, including witness testimony and/or statements, during a fair and impartial hearing. (A more complete description of the procedures utilized to implement these rights is found in Section (h), Procedures.)

   b) Complainants’ Rights. The College provides the following rights to the complainant. The cases to which these rights may apply include but are not limited to sexual misconduct, endangerment, harassment, stalking and hazing. The College shall provide notice to the complainant of these rights at least five (5) class days prior to a student conduct hearing. Complainants must notify the Director of Campus Life or Residence Life hearing officer at least two (2) class days prior to the scheduled hearing, if they wish to exercise any of the following rights listed in this section:

      i) To have her unrelated past behavior excluded from the hearing. The hearing body will decide if such information is unrelated. The past sexual history of the complainant is not relevant, unless deemed essential by the hearing body to protect fundamental due process.

      ii) To attend an information session, during which time the complainant can view all materials related to the case and receive instruction regarding the disciplinary process and the charged student’s and complainant’s rights.
iii) To have an advisor accompany the complainant when presenting information to the hearing body and to any other relevant meetings held throughout the disciplinary process.

iv) To present evidence including presenting witnesses and/or signed written statements, as well as other relevant reports and documentary evidence.

v) To question the charged student and witnesses during the hearing. Questions to the charged student will first be posed to the hearing body, and depending on the case, the hearing body will pose the questions to the charged student.

vi) To submit an impact statement to the Director of Campus Life. This information will be used only in the sanctioning phase of deliberations, if the charged student is found responsible for the charge(s). The charged student may request to view the impact statement. The request will be considered by the Director of Campus Life or Campus Life in consultation with the complainant.

vii) To request to testify in a separate room from the charged student so long as the process does not unduly compromise the charged student’s fundamental due process right to question the witness.

viii) To request to be present throughout the entire hearing, or portions thereof. This option will be considered by the hearing body, and its decision shall be final and not subject to appeal.

ix) To be simultaneously notified of the status and outcome of the Code of Student Conduct process at the first hearing level and final outcome to the extent that the outcome directly relates to the complainant and the notification does not violate the privacy rights of the charged student.

x) To appeal any first-level decision, provided that one or more of the reasons for appeal listed in Section 4) c) is relevant to the case. On appeal, the burden of proof rests with the complainant to show clearly that an error substantially affecting the outcome of the proceedings, or constituting a fundamental due process right of the complainant, has occurred during the first level hearing process. The appellate body varies depending on the initial hearing body and is outlined in Section 4), Appeals. All appellate decisions are considered recommended decisions to the Vice President (or designee).

c) Procedures. The Director of Campus Life is charged with implementing the Code of Student Conduct in ways that are congruent with the Bennett College philosophy and ethical standards and with all applicable laws and regulations. The procedures implemented by this office will be consistent with all appropriate due process rights accorded to students in College Code of Student Conduct proceedings.

i) Charges. A review for possible charges may be initiated in the following ways:

   a) Providing a signed statement to the Director of Campus Life. For violations that occur in the residence halls, the statement may be submitted to a Residence Hall Director. All information will then be reviewed by an appropriate staff member to determine whether Code of Student Conduct charges will be filed or if alternative action, including mediation, is appropriate. When practicable, reports should be submitted by the Director of Campus Life to either Public Safety or the appropriate administrator in a timely manner.

   b) Filing a report with BENNETT COLLEGE Public Safety or requesting that a report from another law enforcement agency be sent to the BENNETT COLLEGE Public Safety Office. All such reports that indicate a potential Code of Student Conduct violation will be forwarded by BENNETT COLLEGE Public Safety to the Director of Campus Life in a timely manner.

   c) Formal Code of Student Conduct charges may be filed at the completion of all law enforcement investigations or as soon as practicable, even if a law enforcement investigation or criminal proceeding is ongoing.

ii) Notice. The written notice given to any charged student will include the following:

   a) Sufficient detail to prepare a defense (including source of information, alleged violation, and specific Code of Student Conduct charges).
An invitation to attend an information session, during which the student may view all materials related to the case, receive instruction regarding the student conduct process and the student's rights, and confirm the forum in which the case will be heard.

Notice of a formal hearing will occur at least five (5) class days prior to the hearing of the case. Informal hearings will be scheduled at the convenience of the charged student and the hearing body.

Parent(s) of any student under the age of eighteen at the time of the alleged violation may also be notified of pending charges.

The Director of Campus Life may place a conduct hold on the records and registration of any student who fails to address the Code of Student Conduct charges in a timely manner. Any pending conduct matters must be resolved prior to a student's graduation, the release of transcripts, transfer of credits to another institution, or re-enrollment at the College.

The contact information on file with the College Registrar's Office will be used for all student conduct notices sent to the charged student.

Investigation. The Director of Campus Life may investigate or assign a Campus Life staff administrator to investigate a complaint against a student. During the investigation, both the complainant and the charged student will be allowed to do all of the following: bring an advisor (of the student's choosing / See Section 3) b) iii) to any meeting with a hearing officer; meet with the hearing officer and tell the student’s story; submit documents and other relevant evidence to the hearing officer; and identify witnesses who may have information relevant to the complaint. Investigations should be completed as promptly as possible under the circumstances.

Hearing Bodies and Authorities. Any specific procedures used by hearing bodies will comply with the requirements of this Code of Student Conduct.

The Director of Campus Life (and designee(s)) may conduct both informal and formal hearings.

A hearing officer designated by the Vice President of Student Affairs may conduct both informal and formal hearings.

The Student Conduct Board may conduct both informal and formal hearings. Panels are composed of five (5) Student Conduct Board members selected by the Director of Campus Life. In times of limited student availability or when conflicts are identified, hearings may proceed with less than five (5), but not less than three (3), Student Conduct Board members.

An Administrative Hearing Panel may conduct formal hearings. Panels are composed of one (1) faculty member, one (1) staff member, both designated by the Vice President of Student Affairs (or designee), and two (2) Student Conduct Board members. In times of limited student availability, panels may proceed with one (1) Student Conduct Board member with approval from the Director of Campus Life and consent of the charged student and complainant (if any).

Residence Life hearing officers (Director, Resident Directors and designees) may conduct both informal and formal hearings regarding cases arising in Residence Life in which the charged student is a resident of Campus Life.

Informal hearings for Residence Life policy violations may be conducted by the Residence Hall Director.

Formal hearings for Residence Life hall violations must follow the standard format for student conduct hearings.

Choice of Hearing Type and Hearing Body. Charged students may request both the hearing type and the hearing body to adjudicate their case subject to the restrictions stated in Section c) iii., above. Further restrictions to that choice include:

When it is determined that a case requires a formal record of proceedings, a formal hearing may be chosen by the Vice President of Student Affairs (or designee).
(2) When two or more individual cases stem from the same incident, those cases should typically be heard by the same hearing body. In such cases, the Director of Campus Life (or designee) may either pre-select the hearing type and hearing body or consult with the students involved before making the decision.

(3) The Vice President of Student Affairs or Director of Campus Life (or designee) reserves the right to select the appropriate hearing type and body for other administrative or case-related reasons.

(4) During time periods in which any of the hearing bodies are not officially constituted, the Vice President of Student Affairs or Director of Campus Life (or designee) may select an appropriate alternative as the hearing body.

vi) Types of Hearings. Two distinct types of hearings are provided for by the Code of Student Conduct. Informal hearings are held when cases involve few or no disputed questions of fact and possible sanctions do not include separation from the College. Formal hearings are held when cases involve disputed questions of fact or serious alleged violations of the Code of Student Conduct (i.e., violations that could lead to separation of the charged student from the College).

(1) Formal Hearings will follow the following guidelines:

(a) Require the hearing body to call appropriate witnesses or obtain witness statements, reports, or other information in support of the charges.

(b) Will be held no sooner than five (5) class days after notice is received by the charged student. The student may submit a written request to hold the hearing before the five (5) class days. The request will be considered and acted upon by the Director of Campus Life.

(c) Will be audio recorded. This recording will serve as the official record of the proceedings. See Section 5) Records below.

(d) A formal decision letter will be sent to the student within seven (7) class days from the conclusion of the hearing. This time limit may be extended if additional consideration of evidence and deliberation is required. In such a case, the student should be notified of the extension of time to a date certain by the Hearing Officer within seven (7) class days of the conclusion of the hearing.

(e) The following order of presentation is recommended for use in formal hearings. The hearing body may change the order if deemed appropriate, including modifications in accordance with the Code of Student Conduct Statement of Complainant’s Rights.

(i) Presentation of formal charges.

(ii) Opening statement by the College, followed by the opening statement of the charged student. Either party may waive the right to provide an opening statement.

(iii) Presentation of evidence and witnesses by the College, followed by questioning of those witnesses by the hearing body and the charged student. Witnesses are then dismissed.

(iv) Presentation of evidence and witnesses by the charged student, followed by questioning of those witnesses by the charged student and the hearing body. Witnesses are then dismissed.

(v) Questions directed to the charged student by the hearing body.

(vi) Closing statement by the College, followed by the closing statement of the charged student. Either party may waive the right to provide a closing statement.

(2) Informal hearings will follow the following guidelines:

(a) The College does not automatically call witnesses to support the charges, although the hearing body may gather any additional information needed, including calling witnesses. The charged student will be informed of any additional information gathered by the hearing body. The charged student may call witnesses and present evidence.

(b) Are scheduled at the convenience of both the charged student and the hearing body.
(c) Brief written decisions (including findings of fact) will serve as records of informal hearings and will be communicated within seven (7) class days of the hearing body's final meeting with the student. This time limit may be extended if additional consideration of evidence and deliberations are required.

vii) Hearing Guidelines. Hearings will follow these guidelines:

1. All hearings will be fair and impartial and will use a reasonable person standard when assessing whether the information presented constitutes a preponderance of the evidence. A charged student may submit a challenge to the impartiality of any member of a hearing body to the Director of Campus Life or the hearing body. Decisions on challenges shall be final and not subject to appeal.

2. A charged student will have the opportunity to present evidence on his or her behalf, including presenting witnesses, if available, and/or signed, written statements from witnesses, and other documentary evidence. Witness testimony is not required and the inability of the charged student to question a witness who has provided a written statement is not a violation of the due process rights of the charged student, as the charged student has the opportunity to review and respond to the written statement and may offer evidence to rebut the witness statement and other evidence presented at the hearing. Witness statements are entitled to be given the same weight by the hearing body as live witness testimony. Witness statements need not be sworn or in affidavit form, but must be confirmed as authentic by the hearing officer.

3. The charged student, complainant, and any witnesses may be accompanied during the hearing by an advisor. Students are required to address the hearing body in person, on their own behalf, although they may consult with their advisor during the hearing. This consultation must take place in a manner that does not disrupt the proceedings. The advisor shall not speak on behalf of the student unless expressly authorized to do so by the hearing body. The charged student, complainant, and any witnesses shall provide the advisor’s name in writing to the Director of Campus Life two (2) class days prior to the hearing. The advisor may not serve as a witness.

4. A student may choose not to answer any and all questions posed by a hearing body.

5. The burden of proof at a first-level hearing always rests with the College. The standard of proof will be the preponderance of the evidence, meaning that the evidence, as a whole, shows that the fact sought to be proved is more probable than not.

7. Witnesses.

   a. Appropriate witnesses will be called by the College to all formal hearings (See 3 c) v) above for a description of “formal” versus “informal” hearings). Those witnesses who appear may be cross-examined by the charged student. If called witnesses do not appear, their written or taped statements may be considered by the hearing body. In some cases, student witnesses who fail to appear may be charged with a violation of the Code of Student Conduct.

   b. Appropriate witnesses may also be called by the charged student to all hearings, provided they are reasonably available and do not disrupt or delay the hearing. In the event a witness is not reasonably available or the witness’s presence may disrupt the hearing, a written statement from the witness may be substituted. Witness statements need not be sworn or in affidavit form.

8. Hearings may be held in the charged student’s absence if the charged student fails to appear after proper notice or fails to cooperate in the Code of Student Conduct process.

9. Prior records of student conduct action and witness/complainant impact statements are considered by the hearing body only in the sanctioning phase of deliberations.

10. The hearing body’s determination of "responsible" or "not responsible" will be based solely on the information presented at the hearing. However, when additional information that affects this determination is gathered outside the hearing, it may be used provided it is shared with the charged student and the student has an opportunity to respond to the information. In cases involving multiple
students charged, information provided at one hearing may be used as evidence in the related case(s).

(11) To request the cancellation of a previously scheduled formal hearing, the charged student must submit a written statement to the Director of Campus Life five (5) class days prior to the hearing date. At the discretion of the Director of Campus Life (or designee), the hearing may be rescheduled or conducted in the charged student’s absence.

(12) All first-level recommended decisions will be communicated in writing to the charged student and will include the findings of fact, determination of responsibility, sanctions (if applicable), and notice of appellate rights.

viii) Sanctions. In light of the facts and circumstances of each case, the following sanctions, or combination of sanctions (with or without appropriate modifications) may be imposed upon any individual student found to have violated the Code of Student Conduct. Certain sanctions may result in a financial cost to the student. If a student does not complete a sanction by the required deadline, a hold may be placed on the student’s record. Decisions regarding falsification of admission, readmission, or other non-academic information may be forwarded to the appropriate office for review of the application and appropriate action regarding admission.

(1) Reprimand (written or verbal).

(2) Service Hours - Completion of tasks under the supervision of a College department or outside agency.

(3) Educational Activities - Attendance at educational programs, interviews with appropriate officials, planning and implementing educational programs, or other educational activities.

(4) Counseling Assessment - Referral for assessment at a counseling center for alcohol/drug dependence, general mental health, or other counseling issues.

(5) Restitution - Only in cases involving College property. Restitution must be submitted to the appropriate College department in a manner that is approved by that College department.

(6) Conduct Probation - A period of time during which any further violations of the Code of Student Conduct may result in more serious sanctions being imposed. Some of the restrictions that may be placed on the student during the probationary period include, but are not limited to

(a) limited participation in College or student activities
(b) limited representation of the College on athletic teams or in other leadership positions
(c) limited entrance into College residence halls or other areas of campus, or
(d) limited contact with specified individual(s).

(7) Disciplinary Probation - A period of time during which any further violation of the Code of Student Conduct puts the student’s status with the College in jeopardy. If the student is found “responsible” for another violation of the Code during the period of Disciplinary Probation, serious consideration will be given to imposing a sanction of Suspension, Dismissal, or Expulsion from the College. Some of the restrictions that may be placed on the student during the probationary period include, but are not limited to

(a) limited participation in College or student activities
(b) limited representation of the College on athletic teams or in other leadership positions
(c) limited entrance into College residence halls or other areas of campus, or
(d) limited contact with specified individual(s).

(8) Change in campus residence hall assignment.

(9) Removal (either temporary or permanent) from the campus residence halls. Removal is the maximum sanction for residence hall policy violations, however, more severe sanctions may be imposed for concurrent Code of Student Conduct violations.
Restricted contact with specified individual(s).

Suspension - Separation from the College for a specified period, not to exceed two (2) years after the effective date of the suspension. This may include restricted access to campus and/or other specified activities.

Dismissal - Separation from the College for at least two years and up to seven years. This may include restricted access to campus and/or other specified activities. Readmission is possible, but not guaranteed, and will only be considered when the full period of time sanctioned, after the effective date of the dismissal, has expired. The previously dismissed student must first obtain approval to begin the readmission process from the Vice President of Student Affairs or designee. Once approval is granted, she must then meet all readmission criteria.

Expulsion - Separation from the College without the possibility of readmission. This may include restricted access to campus and/or other College-sponsored activities.

Withholding of diplomas, transcripts, or other records.

Transcript Notations - a written notation indicating that student conduct action was taken. This sanction may be applied only in cases in which the student has been permanently separated (i.e., expelled) from the College.

Interim Disciplinary Action. Based upon a student’s alleged behavior, the Vice President of Student Affairs (or their designee(s)), may impose an interim disciplinary action prior to the initiation of formal charges under the Code of Student Conduct or to a student’s hearing on the facts of the case.

(a) When the student’s actions/behaviors affect the safety, health, or general welfare of a student and/or the College community, an interim disciplinary action may also include prohibiting the student from being on College property, attending classes, attending programs and activities, and using College facilities.

(b) The interim disciplinary action may include notification of appropriate faculty and staff, and restrictions may include but are not limited to

(i) suspension
(ii) limited class attendance
(iii) limited use of College facilities
(iv) limited participation in College or student activities
(v) representing of the College on athletic teams or in other leadership positions
(vi) limited entrance into College residence halls or other areas controlled, leased or used by the College, or
(vii) limited contact with specific individual(s).

(c) A student will receive written notification of any interim disciplinary action.

(d) The College or the student may request a meeting to discuss the restrictions imposed by the interim disciplinary action. The student’s request must be in writing to the Vice President of Student Affairs or designee.

(e) If a meeting is requested on the interim disciplinary action, a meeting will be scheduled within three (3) class days of the receipt of a written request. The Vice President of Student Affairs (or designee) will conduct the meeting. The student will be notified of the outcome of the meeting in writing. The written notification of the outcome is final as to the interim disciplinary action, pending the final results of the Code of Student Conduct process.

Appeals. An appeal may be requested on any first-level decision, provided that one or more of the reasons for appeal listed in Section 3) d) viii) is relevant to the case. On appeal, the burden of proof rests with the student to show clearly that a fundamental due process error that would substantially impact the outcome of the hearing has
occurred during the first level hearing process. The appellate body varies depending on the initial hearing body and is outlined below. All appellate decisions are considered recommended decisions to the Vice President (or designee).

a) Right to Appeal.
   i) In the event that an incident involves a complainant (including but not limited cases involving allegations of sexual misconduct, endangerment, harassment, stalking and hazing), both the charged student and the complainant have the right to appeal the first-level decision. In the event that both parties submit an appeal request within the stated timeframe (see (b)1. below), one appellate officer will be assigned and one appeal hearing will be conducted (see (a) below). Both parties will be provided the opportunity to attend the appeal hearing and the appeal decision outcome will be communicated to both parties.
   ii) If the charged student appeals, the complainant will be notified of the appeal, will be provided the opportunity to attend the appeal hearing and will be notified of the appeal outcome.
   iii) If the complainant appeals, the charged student will be notified of the appeal, will be provided the opportunity to attend the appeal hearing and will be notified of the appeal outcome.

b) Appellate Officers.
   i) Recommended decisions of Residence Life hearing officers may be appealed to the Director of Campus Life (or designee).
   ii) Recommended decisions of the Student Conduct Board may be appealed to the Vice President of Student Affairs (or designee).
   iii) Recommended decisions of Administrative Hearing Panels may be appealed to the Vice President of Student Affairs (or designee).
   iv) Recommended decisions of the Director of Campus Life (and designees) may be appealed to the Vice President of Student Affairs (or designee).
   v) Recommended decisions of other hearing officers appointed by the Vice President of Student Affairs may be appealed to the Vice President of Student Affairs (or designee, including a panel).
   vi) Recommended decisions of hearing officers appointed by the Director of Campus Life may be appealed to the Director of Campus Life (or designee).

c) Appeal Requests.
   i) A written request shall be submitted to the Director of Campus Life or Residence Life within three (3) class days after the student is notified of the first-level hearing decision.
   ii) The request shall state the reason(s) for appeal (see d) below), the supporting facts, and the recommended way to correct the error.

d) Appeals are not opportunities for full rehearings of cases already decided. Appeal considerations are limited to:
   i) due process errors involving violations of a charged student’s fundamental due process rights (see Section (1)(f)) or a complainant’s rights (see Section (1)(h)) that substantially affected the outcome of the initial hearing.
   ii) demonstrated prejudice against any party by the person presiding over the hearing. Such prejudice must be evidenced by a conflict of interest, bias, pressure, or influence that precluded a fair and impartial hearing.
   iii) newly discovered, relevant information that was not reasonably available at the time of the original hearing and that would have substantially affected the outcome of the original hearing.
   iv) a sanction that is extraordinarily disproportionate to the violation committed.
v) the preponderance of the evidence presented at the hearing does not support the finding with regard to responsibility. Appeals based on this consideration will be limited solely to a review of the record of the first-level hearing, except newly discovered evidence under Section d) iii) above may also be considered.

e) Appellate Review.

i) Will involve an initial file review by the appellate officer. The appellate officer may make a determination based solely on this review. The outcome of the file review may become the official decision (see Section (f) below regarding appellate decisions).

ii) If the appellate officer determines a need for additional information, that officer may request written materials and/or an appeal hearing with the charged student and/or complainant (see Sections iii-vii below).

iii) If deemed necessary, an appeal hearing will be scheduled within ten (10) class days of receiving the written request for appeal.

iv) If deemed necessary, an appeal hearing will involve hearing the charged student and/or complainant and any witnesses called by the student and/or complainant; the appellate officer may determine whether there is a need to call any further witnesses or gather additional information.

v) An appeal hearing will be audio recorded; this recording will serve as the official record of the hearing.

vi) The charged student and/or complainant will be afforded the opportunity to bring an advisor to the appellate hearing.

vii) All hearings will be fair and impartial.

viii) If the charged student and/or complainant fails to appear at the scheduled appeal hearing after proper notice or otherwise fails to cooperate with the Code of Student Conduct process, the hearing may still be held in their absence.

f) Appellate Recommendations and Decisions.

i) The appellate officer may recommend to affirm, modify or reverse the first-level hearing decision, or order that a new hearing be held. The appellate officer may not modify or reverse a finding of “not responsible,” but, may recommend that the finding be set aside and a new hearing be held.

Records which result in a finding of not responsible or result in suspension or a less severe sanction shall be destroyed in compliance with North Carolina Public Records law. Expulsion records shall not be removed from the official files under any circumstances. Any records kept beyond these limits for statistical purposes will not be considered or released as official student conduct records.

OTHER BENNETT COLLEGE STUDENT POLICY

BENNETT COLLEGE STUDENT GRIEVANCE PROCEDURE

Any student who has an unresolved disagreement or dissatisfaction with a faculty or staff member, another student, student group or administrator has the right to file a written complaint without prejudicing her status with the College.

Definitions

Complaint*: A complaint involves a concern, problem or issue other than a disciplinary measure. Appeals are made through established procedures. Complaints may be academic or nonacademic.

*The appropriate response to a disciplinary measure which is deemed unfair or excessive, or dissatisfaction with a grade, or progression, probation, or dismissal from a program, is an appeal, not a complaint.

• Academic Complaint: An academic complaint may be brought by a student regarding the provision of education and academic services affecting her role as a student. Academic grievances can include but are not limited to the following types of allegations: discriminatory action toward students within the classroom by a faculty member, e.g., by singling out specific students for either preferential or adverse treatment; failure of a faculty member to follow policies in the conduct of classes or examinations; or capricious or unreasonable arbitrary actions by a faculty member that adversely affects student performance.

• Nonacademic Complaint: A nonacademic complaint may be brought by a student regarding a disagreement or unresolved dissatisfaction with a faculty or staff member, another student, student group or administrator. Nonacademic grievances can include but are not limited to the following types of allegations: issues regarding discrimination or an alleged infringement upon the rights or sensibilities of an individual by a College employee, student or student organization.

Procedure

The student is encouraged to attempt to resolve all grievances at the lowest possible level. When the student feels comfortable doing so, she may first attempt to resolve the issue by approaching the person(s) whose decision or action is being contested to resolve the issue, or she may report by written complaint to the appropriate dean or supervisor. A complaint must be based on a claimed violation of a rule or policy that has not been resolved through ordinary processes. Any student who brings a complaint has the burden of proof and must provide documentation and evidence to support the allegation. A complaint should normally be filed within 10 working days of the incident or incidents.  

NOTE: This policy does not limit the College’s right to change rules, policies or practices. The student should put her grievance in writing according to the following guidelines:

• What is the grievance? Identify it.
• What are the grounds for the grievance? Explain the basic justification for it based on a claimed violation of a College rule or policy.
• How would you like to see it resolved? What do you want done?

For academic grievances (other than disability or gender-based misconduct) the student will submit the complaint in writing to the Provost. The Office of the Provost will ensure that the complaint receives a timely response. The student may appeal the response in writing to the Office of the President within 10 days. The results of complaints appealed to this level are final and may not be further appealed. The Office of the Provost will keep on file a record of each complaint, its nature and resolution.

For non-academic grievances (other than disability or gender-based misconduct), the student will submit the complaints in writing to the Associate Vice President of Student Affairs (AVPSA). The AVPSA will ensure that the complaint receives a timely response. A record of each complaint, its nature, and resolution, will be forwarded to the Office of the Provost. Students should also see the online Student Handbook.

Disability Discrimination: Any student who believes that an employee has discriminated against her due to a disability should file a grievance with the Manager of Student Disability Services within 10 days from the date of the alleged incident. For the complete process and policy information see the Student Disability Services policy.

Gender-based misconduct: Any student who feels that she has been a victim of gender-based discrimination, violence, or other misconduct should submit a written complaint to the Title IX Coordinator or to Campus Safety. The complaint is subject to EOP 12.01: Title IX General Policy and/or STAF 11.02: Sexual Assault Policy.

Students who wish to file a formal complaint regarding an individual, group of individuals or department should follow the procedure outlined below. Student Complaint Forms are available under the Student Affairs tab in Bellenet. Non-academic issues include, but are not limited to, student disputes, sexual harassment, discrimination, student services, records and confidentiality, policy violations and general grievances.

Once the proper documentation is received, the Associate Vice President of Student Affairs will review the information. The staff member reviewing the form will determine if additional information is needed to pursue the complaint.

2. The written complaint must be signed by the student and filed with the Office of Student Affairs as close to the actual incident as possible, usually within three (3) days. Complaints not filed in a reasonable amount of time will be considered on a case-by-case basis.

3. Complaints will be assigned to an administrator for resolution. Involved parties will have an opportunity to provide additional information in an effort to address the matter.

4. Written determination as to the validity of the complaint and a description of the resolution (if appropriate) will be prepared by the Office with a copy forwarded to the complainant.

5. In some cases, an investigation may be necessary and conducted by the Office of Student Affairs. The investigation is usually conducted within thirty (30) days of the date that the written complaint is filed.

Complaints regarding student services, non-academic departments, and other grievances will generally be forwarded to the appropriate office or administrator for resolution. The Office of Student Affairs will forward the information and maintain copies of all pertinent information related to the complaint in the office.

POLICY ON SEXUAL HARASSMENT

It is the policy of Bennett College that employees and students regardless of race, color, religion, sex, disability or national origin, be free from sexual harassment.

Sexual harassment is defined as any unsolicited and unwelcomed verbal, or non-verbal expression, and/or physical behavior of a sexual nature, made explicitly or implicitly to an employee or a student. Sexual harassment includes, but is not limited to the following:

• Submission to or rejection of behavior by an individual that is used to make academic, employment or other institutional decisions affecting that individual.
• Behavior that interferes with an individual’s work performance, academic activities, student activities, or creates an intimidating, hostile, demeaning, or offensive working and/or educational environment.
• Behavior that suggests disgust or disdain for a different life style or different cultural values.

Disciplinary action will be taken against individuals found by the College to have committed an act of sexual harassment. In other instances, the adjudicating body shall determine whether or not the student or faculty/staff member has violated the Bennett Code of Conduct and/or other community standards. If a violation is found, appropriate action will be taken.

POLICY ON FRATERNIZATION

The expectation of the College is that there will be no questionable personal relationships between faculty, staff, and/or students except in the case of those acknowledged by law (e.g. marriage). Such relationships between faculty/staff and students are considered unprofessional conduct and may be grounds for termination of employment for the faculty/staff person involved.

BENNETT COLLEGE SUBSTANCE ABUSE POLICY STATEMENT – GOVERNING STUDENTS

It is the policy of Bennett College that a drug-free educational and work environment be maintained. The College therefore prohibits the manufacture, sale, distribution, possession, or use and misuse of any controlled substance, including alcoholic beverages, as defined in Schedule I through VI of Section 202 of the Controlled Substances Act (21 U.S.C. 812), and further defined by regulation in 21 CFR 1300.11 through 1300.15, or by the North Carolina General Statutes. This policy will govern each student while on any property owned by or under control of the College. In addition, this policy shall apply at any time during which an individual acts in the course and scope of her enrollment with the College.

It is a condition of enrollment at the College, that each individual shall comply with this POLICY STATEMENT, and that she will notify the Office of Student Affairs of her convictions of any criminal drug statute no later than five (5) days after such conviction. Violation of this POLICY STATEMENT will subject a student to disciplinary action by the College up to and including expulsion. Students may be referred for mandatory evaluation and treatment if substance abuse is suspected.

Each student will sign and receive this POLICY STATEMENT during registration along with the Bennett Honor Code.

NO-SMOKING POLICY

It is the goal of the College to protect the public health and environment of its students and employees. This is reflected in objective #1of the Institution’s Fourth Strategic Goal which states that the College will “provide and maintain a safe and healthy environment.” As an initial step in working toward the attainment of this objective, the College Administration has declared the Bennett College campus a smoke-free workplace. The policy covers the smoking of any tobacco product and the use of smokeless tobacco and applies to students, employees and visitors to the College. All students and employees of the College share in the responsibility of adhering to and enforcing this Policy. They also have the responsibility for bringing the policy to the attention of fellow students, employees and visitors.

The College also supports and encourages individual efforts that will support the achievement of this and other College goals and objectives.

Bennett College Anti-Hazing Statement

Bennett College will not tolerate or condone hazing in any form. Any practices, ceremonies, behaviors, or rites of induction which tend to allow mental or physical suffering are prohibited. It shall be a violation for any person to
haze any student in connection with or as a condition or precon- dition of gaining acceptance, membership, office, or other status in a college organization.

The College defines hazing as any willful act by one (1) student alone or acting with others, directed against any other student(s) that:

- Subjects the student intentionally or unintentionally, on or off campus to indignity, humiliation, mental or physical discomfort, embarrassment, harassment, ridicule, the violation of College rules and regulations, the violations of laws or policies of the parent organization and/or the violation of any local, state or national laws;
- Intimidates the student by threatening or ostracizing her, in public.
- Submits the student to shame or disgrace among fellow students.
- Discourages the student from remaining at Bennett College or causes her to leave rather than to submit to such acts.
- Constitutes a legal assault, by striking, beating, bruising, maiming or any other type of physical violence, which includes threatening to do these acts.

Specifically forbidden hazing activities include, but are not limited to, paddling in any form, nudity at any time, tasks of personal servitude, any work sessions or meetings which interfere with scholastic activities or requirements, loud noises or activities that disturb the neighborhood, temporary or permanent disfigurements or cosmetic changes, calisthenics (push ups, jogging, runs, etc.), activities or actions that require or include theft or other illegal practices, creating excessive fatigue, physical and psychological shocks, publicly wearing apparel that is bizarre and not in good taste, engaging in public stunts, morally degrading or humiliating activities, depriving persons of the opportunity for sufficient sleep, forcing or coercing persons to consume alcohol or unusual substances as unprepared food, blindfold trips, inhumane treatment, walking in line or “Hell Week” activities and any requirement that may cause a student to violate the Bennett Honor Code or the code of Conduct, or any College, state or federal laws. All rites, ceremonies or practices of initiation or orientation into college life or into the life or membership of any college group or organization, should be of an educational, historical, functional and inspirational nature.

Each and every organization has the responsibility for informing its membership, both old and new, of any important college policies including those on hazing. All Bennett College organizations are responsible for the actions of all visiting members, friends, and/or alumnae who will be subject to the same behavior standards and policies as members of the organizations. Hazing is forbidden by the College and anyone suspected of hazing will be investigated and may face disciplinary action and legal action.

BENNETT COLLEGE DRESS CODE

In order to fully prepare the women of Bennett for success in their future careers and life endeavors, it is our responsibility to provide an educational experience that develops the whole student. Subject knowledge, character development and appearance enhancement are all key elements of the educational experience that we are committed to provide. To that end, a dress code is appropriate for all students as follows:

1. Clothing must be appropriate, neat, clean and inoffensive. Examples of inappropriate and offensive attire are:
   - Bare midriffs
   - Obscene or profane language and lewd pictures on clothing
   - Symbols of alcoholic beverages, tobacco, drugs or drug paraphernalia on clothing
   - Visible undergarments when wearer is bending, sitting or walking
   - Pajamas worn outside of the residence hall
   - Shower or bedroom shoes worn outside of the residence hall
   - Pant legs dragging or touching the floor
   - Slits that are higher than 3 inches above the knee in skirts and dresses
   - Skirts and shorts that are higher than 3 inches above the knees
   - Hair rollers, pin curls, shower caps and “Doo Rags” outside of the residence hall

2. Bottom wear must be the appropriate size for the wearer, with no sagging or bagging and must be secure around the waist as not to reveal undergarments and tattoos.

3. Professional attire must be worn when on a community service assignment or attending all ACES sessions. Professional attire means young ladies wear a dress, skirt suit (minis not allowed) or pant suit or skirt with a comfortable fitting blouse.
   - Many ACES events require dresses and skirts only, especially convocations
   - Blouses must not be too tight or low cut and pants must fit properly
   - Jeans, capris and khaki pants are not appropriate professional attire
   - Earrings of extraordinary large size are distracting and not recommended for professional attire
   - Visible tattoos and facial piercings may cause you to lose an opportunity

4. You are never fully dressed without a smile.

Society has relaxed its standards, and at times away from BC it may be appropriate to wear some of the items mentioned as “inappropriate” above. However, it should always be remembered that we at BC are a particular people, set apart and striving for excellence. We believe we must be models for those who will come after us. Therefore, we should make every effort to be our best at all times. Practice makes perfect, so we wear professional attire for ACES and other special events. We bathe/shower daily, comb our hair, fix our faces and select appropriate clothing because we may meet someone who can make a change in our lives or just because we want to feel good (“A little powder and a little paint can make us feel like what we ain’t”). We must not forget that visitors come on campus daily, males and females, young and old, who will take away an impression of us by what they see us doing. Ours is a fantastic institution and we do not want anyone to get a mistaken view of us.

Here are some specific tips on how to present yourself as a Belle.

**Formal Convocations:**
- White dresses or skirt suits only; should fit properly
- Tops should not show cleavage, nor should the buttons pull open
- Skirts should not be above the knee; nor should they be so tight
as to limit your ability to maneuver on stairs

- The fabric should not be what might be worn for “after 5” events
- No back out, halter top, spaghetti strap, or see through tops should be worn without a jacket or cover-up
- No pants are permissible at formal convocations
- Black pumps with flesh tone hosiery
- Heels should not be so high as to limit your ability to maneuver safely on stairs
- Closed toe pumps are required when wearing academic regalia.
- Evening shoe wear is generally not appropriate for college daytime events.
- Satchels/large handbags are not appropriate for formal convocations and usually should not be used at evening events. A small evening bag and a small clutch should be staples in your wardrobe to hold your keys, telephone, tissue/hankerchief, make-up and "mad money".

**Presentations or Official Activities:**

Black dresses, appropriate skirts or pant suits are required when presenting at ACES. To serve as a Marshal the appropriate attire is a black skirt suit or dress, and occasionally at other special events. This is usually for daytime wear; there are other occasions when black evening attire may be needed.

**Academic Cultural Enrichment Series (ACES):**

Professional attire is required for all ACES programs that are held in the Merner Chapel. On a few occasions, ACES events are held elsewhere (Gym, Coffee House, Pfeiffer Hall, etc.) and the required attire may be different to suit the event.

Professional attire is as stated previously, but with no color restraints. There should be no athletic gear, jeans, capris, khaki pants, flip/flops, Timberland boots, shorts and T-shirts, baseball caps, and sleepwear worn in the Chapel.

If dresses and skirts are not preferred, slacks with shirts or blouses are permitted (except for convocations) with dress shoes (pumps, loafers, oxfords, flats, or sandals).

**Off campus visits and official events:**

Professional attire is always appropriate for luncheons, interviews and community meetings. Students often have interviews for scholarships, internships and jobs, invitations to dinner at the home of the President, and participation in town meetings, luncheons, dinners and conferences.

Some official uniforms or designated attire may be required by approved organizations.
