CAMPUS SECURITY

Clery Act

Clery Act The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or the Clery Act is a federal statute codified at 20 U.S.C. § 1092(f), with implementing regulations in the U.S. Code of Federal Regulations at 34 C.F.R. 668.46.

Annual Security Report

Campus Safety is responsibility of every member of this community and we encourage the involvement of all community members in keeping Bennett College a safe and secure environment for higher education. It is the responsibility of each member of the Bennett College community to report the occurrence of a known crime to the Department of Campus Safety. To strike the appropriate balance between the needs of a crime victim and the need for crime reporting, the Jeanne Clery Act emphasis the responsibility of those campus administrators who have significant responsibility for the student and campus activities to report known crimes.

The information in this report is provided as part of Bennett College's commitment to security and safety on campus. The Jeanne Clery Act requires eligible institutions to prepare, publish, and distribute an Annual Security Report containing specific information about campus policies and campus crime statistics.

To be in compliance, Bennett College must:

- Make timely warnings of Clery Act crimes that represent an ongoing threat to the safety of students and employees;
- Maintain a public crime log;
- Disclose campus security policies, procedures and programs;
- Provide information on registered sex offenders;
- Count, collect and classify crime data;
- Submit annually the past three years of crime statistics to the U.S. Department of Education; and
- Prepare and distribute an Annual Campus Security Report by October 1st of each year.

The Department of Campus Safety and the campus community have worked together to present a document that will be a useful to students, faculty and staff, as well as visitors to the Bennett College Community. It is intended as resource for information about the College's offices and services as they relate to the safety of our campus community as well as to address concerns about crime issues.

REPORTING CRIMES AND OTHER EMERGENCIES

Bennett College is pleased to comply with the Jeanne Clery Act, which mandates that colleges and universities publish statistics categories of substantiated crimes, to help ensure that students, faculty and staff at those institutions are aware of the facts about crime and safety on their campus. While colleges in general are relatively safe places, national patterns show the need for vigilance by the entire campus community against crimes on campuses. Bennett College cannot guarantee safety and security like many other institutions, however, Greensboro Police Department and other local law enforcement agencies partner with us to provide relevant services.

Timely Warnings

The general purpose of a timely warning is to aid in the prevention of similar crimes occurring on campus. Timely warnings include information that promotes safety and allows individuals to become aware of certain types of crime trends. The warnings are to include the time, location, method of operation and type of crime. Exempt cases include crimes reported to pastoral or professional counselors and privileged information protected by state laws (i.e. information reported to doctors and attorneys)

Circumstances Triggering a Warning

Any crime that poses an eminent, serious or continuing threat to students and employees require the Department of Campus Safety to issue a timely warning. Those crimes include all Clery Act crimes included in the annual statistics, crime reported to the local authorities, and crimes occurring in a specified geographic area. The specific geographic area includes all on-campus property, non-campus property, and public property adjacent to the college.

Manner of Dissemination

Method(s) used will be determined on a case-by-case basis that will produce the best opportunity for information to reach the entire campus community in an effective and efficient manner. The Department of Campus Safety will use email, posters, news releases, Belle-Alert Texting, and other operative means of communication dependent upon the urgency of the crime or issue.

Disclosure of Crime Statistics

The Department of Campus Safety maintains crime statistics in accordance with The Jeanne Clery Act and the FBI's Uniform Crime Reports definitions and publishes them annually. In response to a crime committed on campus, the Campus Safety Staff investigates the incident based on their authority and training. Copies of all reports are then given to the Office of Student Affairs and the VP for administrative Services for possible disciplinary action against students or employees. Campus Safety may also notify the appropriate law enforcement agency for this jurisdiction. The department's staff and the Greensboro Police Department dependent upon the nature and severity of the crime use joint investigative efforts.

Daily Crime Log

The Daily Crime Log contains all the crimes reported to the Department of Campus Safety during the calendar year. The log includes the nature of the crime, time and date occurred, time and date reported, general location, and disposition if applicable. The log is available for review at the Department of Campus Safety.

Reporting of Criminal Offenses

It is strongly encouraged that all members of the campus community report any criminal activity in a prompt manner to any campus officer and/or local police. Students, faculty and staff may submit reports of any nature to the Department of Campus Safety via electronic mail (campussafety@bennett.edu) or telephonic device by calling (336) 370-8621.

For routine non-emergency information and assistance, call the Department of Campus Safety at (336) 370-8621. For any fire or medical emergency on campus, dial 911 immediately. In response to your call, Campus Safety officers will respond and direct the appropriate responding emergency units to your location.

Crime Statistics

In accordance with the Clery Act, specific criminal statistics must be compiled, published and distributed annually to all current students and employees, and to any applicant for enrollment or employment, upon request. In this report are list of crimes occurring on or around campus property from 2009 thru 2012.

CAMPUS POLICIES AND CONDUCT STANDARDS

BENNETT COLLEGE CODE OF CONDUCT

The Bennett College Code of Conduct is based on promoting academic achievement and excellence regarding student behavior and citizenship.

The basic philosophy underlying the Bennett Honor Code and the Code of Conduct is respect for each person, the general community and the property of others. Learning to cooperate with the required standards of conduct is a key component of each student's education. While holistic growth and civic responsibility are promoted, the College also strives to ensure that acceptable standards are communicated to and understood and upheld by Bennett students.

A. General Policy

The conduct of students and student organizations on College premises, at College sponsored events or when using the College's name is subject to disciplinary action. The College may enforce disciplinary procedures when any student or student organization

directly or adversely interferes with or disrupts the mission, programs or other functions of the College. This may include negatively affecting the College's image or reputation.

Disciplinary proceedings may be constituted when students or student organizations have allegedly violated the Bennett College Code of Conduct and/or other policies or procedures outlined in the *Student Handbook*, *College Catalog* or any other official College publication. The process is conducted in a manner that ensures fairness and is not restricted by the rules of evidence governing criminal and civil procedures. Bennett, as a private institution, is not required to maintain "due process" as defined for public colleges and universities; however, the process must be fair and reasonable.

In this section, we will outline what is considered prohibited conduct and the process Bennett will use to review alleged acts of misconduct.

The disciplinary process is designed to be developmental, but punitive action may be a part of the process. The College reserves the right, at its discretion, to choose to investigate and settle violations of policies in a manner not specified in the *Student Handbook*.

Possible sanctions that may be imposed for violations of the Bennett's core values and community standards or any other college policy, procedure or regulation are described below. Students and student organizations in violation of the code of conduct, rules, regulations and/or policies of the College face sanctions ranging from a reprimand to expulsion. The Office of Student Affairs reserves the option to include additional members of the community or change the composition of these committees.

G. Campus Resource and Administration

The Office of Student Affairs administers the Bennett College Code of Conduct and is the primary source for information on the Student Handbook, the Community Standards Board and the Honor Code. The Office also makes an effort toward alternative dispute resolution for students in order to resolve conflicts within the College community.

BENNETT COLLEGE NON-ACADEMIC GRIEVANCE PROCEDURE

Every student is encouraged to manage and resolve disputes with the individuals involved or when necessary, through a mediation process. The Division of Student Affairs has information that may be helpful in dispute resolution and can recommend alternative methods for resolving issues and effective communication techniques.

Students who wish to file a formal complaint regarding an individual, group of individuals or department should follow the procedure outlined below. Student Complaint Forms are available in the Office of Student Affairs. Non-academic issues include, but are not limited to, student disputes, sexual harassment, discrimination, student services, records and confidentiality, policy violations and general grievances.

Once the proper documentation is received, the Associate Provost or her designee will review the information. The staff member reviewing the form will determine if additional information is needed to pursue the complaint. Bennett College takes seriously all allegations, especially those of sexual harassment. Students are encouraged to report any conduct that is considered sexually harassing in a timely manner. Complaints of this nature should be reported to the Associate Provost for Student Affairs for review. Grievances involving a faculty and/or staff member may be referred to the Office of the Vice President, but that office will most often forward them to the Office of Human Resources for review. The Associate Provost for Student Affairs will not review matters on sexual harassment involving faculty and/or staff, but only act as a referral to Human Resources.

The procedures outlined below do not apply to applicants for employment or academic issues.

1. The Student Complaint Form should specify the following:
 - Nature of the Complaint
 - Reason for the Complaint
 - Pertinent Information to include name(s), date(s), witness(es), address(es)
 - Proposed Resolution
2. The written complaint must be signed by the student and filed with the Office of Student Affairs as close to the actual incident as possible, usually within three days. Complaints not filed in a reasonable amount of time will be considered on a case-by-case basis.
3. Complaints will be assigned to an administrator for resolution. Involved parties will have an opportunity to provide additional information in an effort to address the matter.
4. Written determination as to the validity of the complaint and a description of the resolution (if appropriate) will be prepared by the Office with a copy forwarded to the complainant.
5. In some cases, an investigation may be necessary and conducted by the Office of Student Affairs. The investigation is usually conducted within 30 days of the date that the written complaint is filed.

Complaints regarding student services, non-academic departments, and other grievances will generally be forwarded to the appropriate office or administrator for resolution. The Office of Student Affairs will forward the information and maintain copies of all pertinent information related to the complaint in the office.

All other complaints will be addressed case by case. If the complaint relates to a department that is not under the purview of the Associate Provost for Student Affairs, the appropriate College representative and department head will be contacted.

Possession or Use of Weapons on Campus

Neither violence nor weapons that support violence are tolerated at Bennett. For this reason no firearms, ammunition or other dangerous weapons are allowed in any college facilities or on college property. Furthermore, North Carolina law prohibits the possession of weapons, concealed or otherwise, on private or public campuses. This policy does not apply to sworn police officers who may be on campus either to attend classes or to complement our on-campus Campus Safety staff for special events and emergency calls.

Notification of Missing Students

If a member of the College community has reason to believe that a student who resides in on-campus housing is missing, she must immediately notify their Resident Director (RD), the RD will contact Bennett College Department of Campus Safety at (336) 370-8621. Bennett College Department of Campus Safety will generate a missing person report and initiate an investigation. After investigating the missing person report, should Bennett College Department of Campus Safety determine that the student is missing and has been missing for more than 24 hours. Bennett College will notify Greensboro police Department and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the student is under the age of 18 and is not an emancipated individual, Bennett College will notify the student's parent or legal guardian immediately after Bennett College Department of Campus Safety has determined that the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify, confidentially, an individual to be contacted by Bennett College in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Bennett College will notify that individual no later than 24 hours after the student is determined missing. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement as appropriate.

COMMON CRIMES

While Bennett College is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics, other common crimes that occur on campus are outlined below.

Theft

Theft is a common occurrence on college campuses. Often, this is because theft is often seen as a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time. It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim to theft.

- Keep doors to residence halls, labs, classrooms locked when not occupied.
- Do not provide unauthorized access to persons in the building or classrooms.
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, and checkbooks in a lock box or locked drawer.
- Keep a list of all valuable possessions including the makes, models, and serial numbers.
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks.
- Do not leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time.
- Do not lend credit cards or identification cards to anyone.
- Report loitering persons or suspicious persons to police immediately; do not take any chances.

Identity Theft

Identity theft is a crime in which someone wrongfully obtains and uses another person's personal information in some ways that involves fraud or deception, typically for economic gain. This personal data could be a Social Security number, bank account, and

credit card information. Persons involved in identity theft often use computers or other forms of media to assist them. You can take measures you can take to prevent this from happening to you:

- Do not give anyone your personal information unless there is a legitimate reason to trust them.
- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
- Complete a credit check frequently to assure there is no suspicious activity.
- Examine financial information often to assure all transactions are authorized and accounted for.
- Use security software and install firewalls on computers.

For purposes of reporting the statistics with the crimes described below, an institution of higher education shall distinguish, by means of separate categories, any criminal offenses that occur:

- **On Campus** -- (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in statement (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by student, and supports institutional purposes (such as a food or other retail vendor).
- **Residence Halls or Other Residential Facilities** -- Includes only those crimes that were reported to have occurred in residence halls or other residential facilities.
- **Non-Campus Building or Property** -- (1) Any building or property owned or controlled by a student or organization that is officially recognized by the institution; (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation, to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
- **Public Property** -- All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Off-Campus violations -- Although Bennett College cannot and does not accept responsibility for the conduct of students while they are off college property and cannot regulate the sale of alcoholic beverages to members of the Bennett community by the management of off-campus businesses. The college reserves the right to make off-campus conduct by its students matters of student discipline under the Student Conduct Code.

Students, faculty and staff may make anonymous reports of sexual assault by contacting 24 hour Rape Crisis Line at (336) 273-7273.

CRIME STATISTICS

Bennett College is pleased to comply with The Jeanne Clery Act, which mandates that colleges and universities publish statistics for certain categories of substantiated crimes, to help ensure that students, faculty and staff at those institutions are aware of the facts about crime and safety on their campuses. While colleges in general are relatively safe places, national patterns clearly show that there is a need for vigilance by all campus members against crime on campus.

The Department of Campus Safety maintains crime statistics in accordance with The Jeanne Clery Act and the FBI's Uniform Crimes Report definitions and publishes them annually in coordination with the Greensboro Police Department.

The following statistics are presented to increase safety awareness campus-wide. Amendments to The Jeanne Clery Act require the office to present the number of on-campus incidents of murder, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and arson formally reported to the Department of Campus Safety and/or the Greensboro Police Department. Statistics concerning liquor laws, drug abuse and weapons violations indicate the number of arrests and/or referrals for campus disciplinary action for the specified periods of time.

The college compiles its annual statistics by reviewing incidents reported to the Department of Campus Safety and to the Office for Campus Life. In addition, the College asks other campus security authorities to share incidents with the Office for Residence Life or the Department of Campus Safety for inclusion in the annual report. Campus Security Authorities at Bennett College include the following:

- The President Business/Finance and Administration
- The Provost, Student Affairs

- Director of Campus Life
- Director of Campus Safety
- Director of Student Activities
- Residence Directors
- Residence Life Administrative Coordinator
- Student Health Staff
- Department of Campus Safety Officers
- Contracted Security for Campus Events
- Athletic Coaches
- Faculty/Staff Advisors to clubs and organizations
- Director of Human Resources

Information on Registered Sex Offenders

The Campus Sex Crimes Prevention Act, Section 1601 of Public Law: 106-386 (H.R. 3244), provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. The Act requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, volunteers, or is a student. In accordance with this amendment to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the following is a link to the North Carolina Sex Offender and Public Protection Registry :
