OFFICE OF SPONSORED PROGRAMS YEAR-AT-A-GLANCE

JULY 2023-JUNE 2024

GREENHOUSE RECEIVES A FACELIFT WITH THE SUPPORT OF THE COMMUNITY FOUNDATION OF GREATER GREENSBORO GRANT

This year, the Bennett College Greenhouse underwent a major transformation. The institution was awarded a grant from the Community Foundation of Greater Greensboro to support the revitalization of our campus greenhouse and garden. This funding was instrumental in purchasing seeds and other essential materials to enhance the greenhouse. The Bennett College Green Team, a passionate and dedicated student-led group, with the support of Dr. Anne Hayes, Executive Director of Global Leadership Studies, is at the heart of this initiative.

ALUMNAE HOUSE RENOVATIONS COMPLETED

A highlight of this year has been the completion of the Bennett Alumnae House renovations in September 2023, marking the end of a project that began in September 2000. Thanks to a generous $460,000 grant from the National Park Service, Department of the Interior, we restored and enhanced this historic building, preserving its legacy while updating it for modern use. The Alumnae House now stands as a beautifully renovated space, ready to welcome alumnae, students, and visitors for generations to come.

BENNETT COLLEGE PARTNERS WITH CONE HEALTH FOR ON-CAMPUS MOBILE HEALTH SERVICES

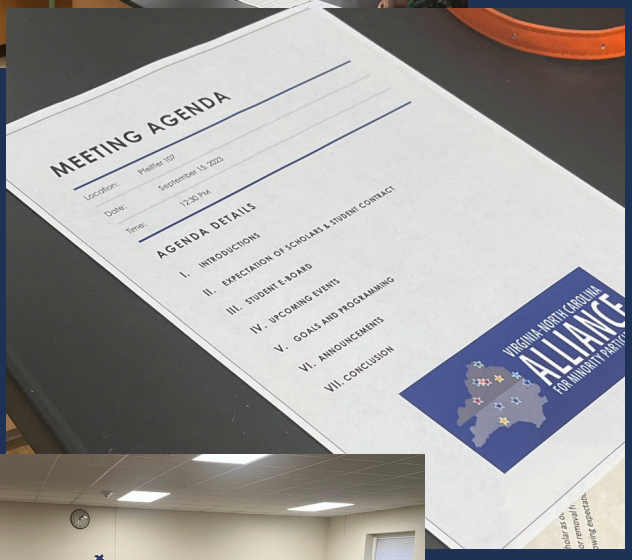

Bennett College successfully leveraged a valuable partnership with Moses Cone Hospital in the fall of 2023 to bring the Cone Health Mobile Medicine Unit to campus four times during the past academic year. They came four times--twice in the fall and twice in the spring. This collaboration provided essential healthcare services to 78 students, ensuring they had access to quality medical care on campus.

LSAMP SCHOLARS RECEIVED ACHIEVEMENT AWARDS

Congratulations!

The LSAMP program is designed to support and enhance the success of underrepresented minority students in STEM disciplines. Thirteen LSAMP scholars received a $500 Achievement Award for the 23-24 academic year. By accepting this award, the students have demonstrated their academic excellence and commitment to advancing diversity and inclusion in STEM fields.

The students receiving the award are below:

Adorable Bowden
Maria Gonzalez
Agury Suazo
Samiya Green
Tamera Kemp
Jada Meadows
Tioluwani Onadeji
Vinetta Garrett
Najar'ye Ivey
Nevaeh Burley
Gabrielle Harper
Sarah Mason
Jayla White
